Message on Weekly Envelopes

Some parishes have a special message on some of their weekly envelopes. For example, Holy Family Parish in Rockford has a reminder to bring food for the monthly food collection on the envelope for the last Sunday of each month.

Couldn't a parish also include a simple planned giving message on one envelope per month (or per quarter, twice a year, etc.)? Sure it could!

Below is a sample of what the message might look like. You could either print your own materials to send when people request this information, or make copies of the envelopes, send them to me and I will forward the appropriate materials, with a letter. Let me know if you are interested.

Keep planting seeds!
